

AXUS

Menu: CRM ? Company ? Location ? Dossier ? Choose a document (Offer, Confirmation)

What

AXUS is a software for travel planners and tour operators to create itineraries from a single source, quickly and with the appropriate CI look. AXUS is integrated with advatra. Please contact us for an AXUS integration.

Every itinerary sent from advatra to AXUS will count as a "itinerary credit" on AXUS.

You will see an overview over your credits [directly on AXUS](#).

Create and edit

Itinerary export with AXUS:

1. Select the document (Offer or Confirmation) you want to export.
2. Select "Document - AXUS export" under "More" on the right.
